

PLEASE NOTE: make sure your printer settings are set to 100% SCALE and NOT "fit to page". Next cut out the measuring tape.

How to find your size:

Our bangles should be worn every day to serve the promise of its purpose. However, if you prefer wearing them on occasions, or you simply can't have it on your wrist while working, we recommend to handle the bracelets gently when fitting it to the wrist.

Please read our instructions below and follow our guidance to measure your wrist size, next use the chart & tips to find the perfect size.

We suggest to choose the next size up if you will wear your bracelet occasionally, it'll be easier to fit it on.

Step 1

Measure the circumference of your wrist using the measuring tape (or in alternative use a strip of paper or thread).

BRACELET SIZE	YOUR WRIST SIZE
XS	13 cm - 15.5 cm / 5.1 in - 6.1 in
S	15.6 cm - 17 cm / 6.1 in - 6.6 in
M	17.1 cm - 20 cm / 6.7 in - 7.8 in

Step 2

Compare your measurement with the chart and choose your size. (If you used a strip of paper or a thread measure it with a ruler to find the numbers).

Always consider sizing up if you plan to wear your bracelet occasionally to allow a better movement while maneuvering the bracelet to take it on & off.

We recommend to handle the bracelet with care if you need to open it in order to wear it. Always bring the two sides close and leave a small gap in between to guarantee functionality.
